If RVC does not have an IA or EA program, is the school interested in implementing one in the future?
- a. **Many instructors use the First Day component from Barnes and Noble that would be considered inclusive.**
43. Would Rock Valley College be open to an equitable access program, where students are charged a per credit hour fee for all of their course materials?
- a. **Possibly. We have concerns whether this would limit textbook options instructors could choose from.**
44. What is your current level of inclusive access or equitable access courses? Are books included in tuition or a separate billed fee?
- a. **Course by Course basis, about 20% of our courses use First Day program. Books are added on as a separate “Etext” course fee.**

- a. **See question 50.**
46. Does the Institution require the ability for students to “Opt Out” of Equitable Access/First Day of Class models?

- a. **Not that we are aware of at this time. It might be being discussed at a federal level.**

- a. **Yes, we currently utilize a First Day program that includes the specific fees for the materials to the specific section of some courses. Approximately 20% of our current courses use First Day.**

49. Would the institution be interested in implementing an equitable access solution, an in-tuition solution where all course materials are automatically delivered to all students with the costs included as part of the cost of attendance?
- a. **RVC will review all proposals, but we have significant concerns about the costs to students in this solution. Any proposals with this option should be prepared to address the discrepancy of benefits to students.**
50. Are there currently any Inclusive Access/Equitable Access programs in place at Rock Valley College?
- a. **Yes, on a course-by-course basis.**
51. Is the Campus Bookstore integrated with the College for the use of financial aid funds?
- a. **Yes, through TrimData.**
52. Is Financial Aid allocated to students for textbooks and course materials and used as a tender type in the current bookstore? If so, can you describe the process for how Financial Aid is distributed and then used for course materials/textbooks? Are there any restrictions?
- a. **Student FA balance information is available at the bookstore through TrimData. The student is then allowed to purchase items up to that balance amount. The book purchased amount information is transmitted back to Colleague and 'charged' to the student account. All of the book purchasing takes place prior to the financial aid being transmitted and distributed to the student.**
53. In the last 12 months what is the total dollar value spent on textbooks and course materials with financial aid?
- a. **\$170,443.95**
54. What percentage of Rock Valley College students receive Financial Aid?
- a. **Fall 2023 and spring 2024 averaged ~1400 students receiving FA awards (grants and/or loans). Enrollment average of ~5500 (headcount) = 25% FAFSA participation. Please note many more students complete the FAFSA application, but don't always complete all steps to receive funding.**
55. What, if any, Financial Aid Management software is utilized by Rock Valley College?
- a. **Ellucian Colleague and TrimData is used to communicate FA information to the current bookstore**

56. Can students use financial aid or charge their student account with the bookstore? If so, when is FA available for students to use in the bookstore?
- a. **Students with available FA can charge their book purchases to their student account up to the amount of their available FA, after all tuition and fees are covered. FA is available to use a week before classes start for the term.**
57. Please provide the total Credit Hours enrolled for Summer 2023, Fall 2023, and Spring 2024

- a. **We do not have this data at this time.**
61. Please provide a course list, including enrollment and faculty name, for the Fall 2023 and Spring 2024 semesters.
- a. **This data is included as Appendix A - Addendum Two. However, the College has omitted faculty names as they do not impact the responses to this RFP.**
62. If Rock Valley College chooses to go with a virtual bookstore, what are the plans for on-campus merchandise sales?
- a. **The College is considering other avenues for the sale of RVC merchandise in case the bookstore becomes completely virtual. A decision will not be finalized until after the award of this RFP and the College knows the scope of the situation.**
63. Are you interested in entirely removing your bookstore from campus? Would you replace it with an eCommerce link?
- a. **The College is interested in exploring the two models described in the RFP.**

64. Under a virtual model, would Rock Valley College like all orders shipped directly to student residence, or would Rock Valley College want to offer on campus pickup?
- Students should be provided an option whether to ship-to-home or ship-to-RVC. If we select a response with a physical bookstore, pick-up would occur at the bookstore. If we select a response with only a virtual model, pick-up will occur at either the on-campus coffee shop or the Welcome Center (not preferred). RVC held initial discussions with the coffee shop vendor to take on gift shop/apparel shopping options with responsibility as the pick-up/drop-off location.**
65. Please provide sales data for fiscal years ending 2022, ending 2023, and 2024:
